

Chateau Bertrand Braneyre

HAUT-MÉDOC

Château Bertrand Braneyre – 2004

WEATHER CONDITIONS

A pleasant, dry June brought about rapid and consistent flowering.

The mild weather continued into July, but got a great deal worse starting on August 15 with not enough sun and too much rain. But, as for the 2002 vintage, an excellent first half of September led to a spectacular recovery.

The result is a vintage of extraordinary maturity and highly consistent quality, regardless of variety.

THE HARVEST STARTED ON OCTOBER 4

Once the wine was made, the result was a vintage made for aging, with silky, balanced tannins and remarkable body despite the generous yield.

TASTING NOTE

- Cherry colour with light orange highlights
- A sweet, fruity nose, complex and harmonious
- A heady palate with distinct, yet harmonious tannins. Notes of ripe, red berries (strawberries, raspberries).
- Long-lasting but smooth aftertaste
- A wine that can be enjoyed immediately
